

Commonwealth of Dominica**Office of the Maritime Administrator**

TO: ALL SHIPOWNERS, OPERATORS, MASTERS AND OFFICERS OF MERCHANT SHIPS, AND RECOGNIZED ORGANIZATIONS

SUBJECT: Radio Message Accounting Procedures and Accounting Authorities

PURPOSE: This Circular explains the radio message accounting procedures required by the Administration and lists the Accounting Authorities approved by the Office of the Deputy Maritime Administrator.

APPLICABILITY: This Circular applies to all Dominica registered vessels equipped with ship radio stations.

REQUIREMENTS:

1.0 The International Telecommunication Union (ITU) Convention currently in force provides for Accounting Authorities to settle maritime radio communication accounts for ships under Dominica International registry.

2.0 Due to the many problems occurring in international radio maritime accounting, no ship is entitled to be registered or to maintain registration under Dominica registry unless the owner has entered into a valid contract with an authorized radio service company under the terms of which the company assumes the accounting obligation and may assume responsibility for obtaining the vessel's Ship Radio Station License.

3.0 It is mandatory that the approved Accounting Authority that has contracted with the owner of the vessel to settle all international maritime radio traffic charges for radio communications from ship to shore, both terrestrial and satellite.

4.0 The Accounting Authority for the vessel has assumed full responsibility for the payment of the radio communication charges and has further given a guaranty to the Commonwealth of Dominica that no charges will accrue to the account of the Commonwealth and, therefore, ensures that the guaranty remains fully effective. It is imperative that all radio traffic charges are sent to the Accounting Authority only and not to any third party.

- 5.0** ITU-T Recommendation D.90 limits the number of accounting authorities based in other countries that the Administration may recognize to twenty-five (25). The radio service companies approved by this Administration are listed in Annex to this Circular.
